PROF. HOLDEN RESIGNS.
Prof. Rufus Holden and wife, who have
been connected with the Kingwood school
for twelve years, the former as principal
and the latter as assistant principal,
have resigned, their resignations taking
effect with the close of the term which
took place a few days ago. They made
a most excellent record in the manage-
ment of the Kingwood schools and their
resignations were reluctantly accepted.
Prof. Holden resigns to enter the prac-
tice of law, for which he has for some
time been preparing himself.

Danger of Colds and Grip.
The greatest danger from colds and
grip is their resulting in pneumonia. If
reasonable care is used, however, and
Chamberlain's Cough Remedy taken, all
danger will be avoided. Among the tens
of thousands who have used this remedy
for these diseases we have yet to learn
of a single case having resulted in pneu-
monia, which shows conclusively that it
is a certain preventative of that danger-
ous disease. It will cure a cold or an
attack of the grip in less time than any
other treatment. It is pleasant and safe
to take. For sale by Geo. C. Stone.

**REPORT NOT
DISCUSSED**

In Open Council But Happened in Room
During the Meeting.

The storm over the report that John
J. Davis told Primm that "Mother" Jones
must not be allowed to speak here, did
not happen in open meeting of the Trades
Council, as told us, but in the room
among some of the members, at which
time Mr. Flaherty made some heated re-
marks. The Council itself, it seems, was
not apprised of the report, when it took
action deciding that "Mother" Jones
should come. The correction is made
in justice to the Trades Council.

SEVERE ATTACK OF GRIP.

"When I had an attack of the grip
last winter (the second one) I actually
cured myself with one bottle of Cham-
berlain's Cough Remedy," says Frank W.
Perry, editor of the Enterprise, Shortsville,
N. Y. "This is the honest truth. I
at time kept from coughing myself to
pieces by taking a teaspoonful of this
remedy, and when the coughing spell
would come on at night I would take
a dose and it seemed that in the briefest
interval the cough would pass off and I
would go to sleep perfectly free from
cough and its accompanying pains. To
say that the remedy acted as a most
agreeable surprise is putting it very
mildly. I had no idea that it would or
could knock out the grip, simply because
I had never tried it for such a purpose,
but it did, and it seemed with the second
attack of coughing the remedy caused it
to not only be less of duration, but the
pains were far less severe, and I had not
used the contents of one bottle before
Mr. Grip had bid me adieu." For sale
